

The Thomas Stanton

Memorial Lecture Series was established to honor this dear friend and mentor by bringing speakers to business appraisal professional gatherings to speak on topics which exemplify “Dr. Tom’s” intellectual curiosity and high ethical standards.

For 2008, a portion of all sales of IBA’s “Experts on DVD” Series will go to the Thomas Stanton Memorial Lecture Series Fund.

The late Thomas Stanton, PhD, Master Certified Business Appraiser and Fellow of the Institute of Business Appraisers, and his beloved wife, the late Sara Stanton.

Each year IBA invites business appraisers, students and academics based in the area where the IBA Symposium is held to attend this Lecture without cost, to continue Tom’s tradition of sharing and mentoring. If you can identify a group which would like to attend the Lecture, or to suggest speakers for future Lectures, please contact IBA Technical Director Ray Miles at IBA Headquarters at (800) 299-4130, or email ibahq@go-iba.org.
